- NOTE:

Based on the Contract Data Reports via Sam.Gov, listed above is a summary of the FY21 Year-End Preliminary Small Business Achievements for the United States Army Medical Research Activity (USAMRAA). USAMRAA's metrics are part of USAMEDCOM, which includes four other Contracting Offices. The USAMEDCOM FY21 Small Business Goal was established at 51%. **As a result of the combined efforts of USAMRAA, US Army Health Contracting Activity, Health Readiness Contracting Office, Regional Health Contracting Offices (Atlantic, Central & Pacific), 63% of prime contract awards in the amount of \$1.1B were awarded to small business firms. USAMEDCOM far exceed its small business goals in each socio-economic category during FY21. These highly noteworthy achievements are a direct result of the diligent efforts throughout the fiscal year by Contracting Officers, Contract Specialists, and Small Business Professionals.**
