

U.S. ARMY MEDICAL RESEARCH AND DEVELOPMENT COMMAND

FY 22 ACQUISITION FORECAST OF CONTRACTING OPPORTUNITIES

The FY 22 Acquisition Forecast is a projection of anticipated contracting opportunities (funded / unfunded) from the U.S. Army Medical Research and Development Command with support provided by the U.S. Army Medical Research Acquisition Activity and the USAMEDCOM Office of Small Business Programs. The forecast is not all inclusive and will be updated throughout the fiscal year.

Questions about each entry should be directed to the POCs via their email address. Please feel free to email jerome.k.maultsby.civ@mail.mil or myrsonia.lutz-joly.civ@mail.mil regarding updates, and other questions pertaining to this FY 22 Forecast.

DISCLAIMER: Title V, of Public Law 100-656 requires Federal agencies make available its procurements forecast. The forecast is not intended to be all-inclusive. The forecast is one of many tools available to businesses, in particular, small businesses seeking to conduct business with the federal government. All projected procurements are subject to revision or cancellation. Final decisions on the extent of competition, small business participation, estimate value, or any value, or any aspect of the procurement action will not be made until each procurement is initiated. The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products or services. Actual solicitation notices will be posted on Beta.Sam.Gov as prescribed by the Federal Acquisition Regulation. ****NOTE:** While the Acquisition Forecast can be used for planning purposes, please continue to closely monitor Sam.Gov and respond to Sources Sought, RFIs, and RFPs that coincide with your company's core capabilities.
